RESOLUTIONS

Adopted at the Soldiers Convention.

Below we publish the resolutions adopted at the Soldiers Convention, and ask our readers to read them, irrespective of party, as we feel assured that they cannot, as Union and peaceful loving citizens, take exception to the doctrines enunciated therein. They have the true ring.

THE RESOLUTIONS.

Resolved, That the object for which the gallant armies of the Union fought was not that of conquest, or the subjugation of a sister State of the Union, but for the preservation of that Union in all its integrity, and that the supremacy of the Constitution should be maintained throughout the land. We fought neither to create negro supremacy, nor yet the establishment of an aristocratic, monied power in our midst, wringing from tilling labor its petty earnings, and crushing the poor with taxation, making the rich richer and the poor poorer.

Resolved, That when the rebellion in the South was suppressed, we had a right to expect that the States would be restored to their original position under the Constitution, and that it was not our business to be used in war to our surviving companions, and indicates a spirit of ingratitude to the sacrifices of the dead, and we deny that the money of the rich is as sacred as the blood of the poor.

Resolved, That the revolutionary proceedings of Congress since peace was restored, has been dangerous to liberty, without warrant in the Constitution, and tends to the establishment of a military despotism, upheld by a monied aristocracy.

Resolved, That we sincerely believe that on all the great issues of the day the conservative statesmen are right and the radical statesmen are wrong, and we earnestly exhort our fellow citizens to keep up and maintain a permanent organization until after the next Presidential election.

The Omnibus Reconstruction Bill.

The omnibus reconstruction bill for the admission of the States of North Carolina, South Carolina, Louisiana, Georgia, Florida and Alabama, has passed both houses, and has gone to the President. It is believed that it will be vetoed, but will become a law to the contrary notwithstanding.

HORRIBLE OUTRAGE.

A Little Girl, 8 years of Age violated within sight of home.

THE VILLAIN STILL AT LARGE.

One of the most fiendish and brutal outrages known on the calendar of crimes, was committed within 80 rods of the busy part of town last Friday afternoon. The circumstances connected therewith are briefly as follows:

A little daughter of one of our old and most respected citizens, aged eight years, while out gathering flowers with two other smaller children, was most brutally ravished by an insatiate fiend, supposed to be one Horatio Robinson who has for a short time past, been driving a team between this place and Excelsior, and was discharged for bad conduct, the day previous to the commission of this crime. He recently emigrated to this section from Maine.

As soon as it was known about town that such an outrage had been perpetrated, the citizens turned out en masse and thoroughly scoured the country adjoining town, but to no avail. The excitement at the time was greatly heightened, from the fact that the two other children could not be found, and the general opinion prevailed that he had thrown them into the river. The search was continued all night, and about daylight in the morning the two children were found about two miles from town.

Language cannot depict the anguish of the mother of the missing children during the search, laboring as she was under the impression that her beloved ones had been violently disposed of. Not a tear escaped from her bleeding heart, yet we felt that it would have been a great relief could the fountain have been opened. Her grief could not be soothed, nor would she be persuaded to give up the search as long as bodily strength would permit her to walk about, and a kind Providence rewarded the anxious parents, as it was reserved for them to find the lost ones. How suddenly the scene was changed with them—Sadness and sorrow, gave place to joy and gladness. But enough, there is still a blighted home with a bereaved Father and Mother, and a large circle of relatives and friends. But our heart sickens at the enormity of the crime, as it seems hardly possible that a being in the form of man could be monster enough to perpetrate such an outrage.

Had he been captured, there is not the least doubt that the crowd would have taken the law into their own hands, and hung him up to the first tree. The villain Horatio Robinson is about 28 years of age, of slender build, red whiskers, very hollow cheeks, about five feet eight inches in height. He wore new boots of a small size, black hat and coat, and brown and white pants. And when excited stutters. He also had an eagle, on one wrist, and an anchor on the other, both marked with blue ink.

A reward of \$500. has been offered for his apprehension and delivery to our County authorities.

Dr. S. Ray and Rogers had charge of the patient, and we understand that she is now out of danger.

SURGICAL OPERATION.—Dr. Ray of this village performed a very skillful operation upon the foot of Joseph Dunn last week. He cut out a large cancer upon the instep, which has been very troublesome for a number of years, and has also been under treatment of several physicians, but with no help, until Dr. Ray performed his operation. Joseph is now doing well and will have a sound foot.

NEW FLAG.—A number of ladies are at work upon a new flag for the "Concordia." We have seen the design, and the material, and can truthfully say that the "Concordia" may well be proud of their emblem, and can carry it with pride to themselves, and honor to the fair donors.

NEW PAPERS.—We have received the first two numbers of the Minneapolis weekly Star. It is a large sheet, intensely radical in politics and devoted to the Congressional interests of Hon. D. Morrison. Capt. G. H. Keith is the editor.

We have also received a number of the campaign Press. It is neatly gotten up and will make a good campaign document. We shall publish the prospectus soon.

NOW IS THE TIME.—To procure tickets as the agents will soon make their returns. Try your luck with Stanley.

Fourth of July Celebration, under the Auspices of the Concordia.

We are informed by the officers of the "Concordia," that they have made full arrangements for the celebration of our National Birth-day. The programme is not fully completed, but every measure has been taken to insure a good time and a fine entertainment.

H. J. Peck, one of our ablest lawyers has consented to deliver the oration in English, and John Kerkar in German. "The Concordia" will march from their Hall to the picnic grounds at 10 A. M. The orations will be delivered at 2 P. M. In the evening the "Concordia" give one of their musical entertainments at the Hall, after which there will be dancing until morning.

PERSONAL.—Dr. C. E. Rogers, the medical man of Carver, made us several pleasant calls during the past week.

Maj. J. P. McIlraith, chief of Police of St. Paul, was in town on Wednesday on business connected with the outrage mentioned in another column.

MISFORTUNE.—This is a world of misfortune, and one of the saddest to a good housekeeper is to be afflicted with heavy, yellow, sour bread, blanchet, &c. If you are ever troubled in this way, use D. B. Le Land & Co.'s Best Chemical Saleratus, when you will be surprised at its charming results in removing the cause of your misfortune.

HARPER'S BAZAR.—This elegant ladies companion, still improves in appearance, if such a thing is possible. We advise our ladies to try a six month subscription, confident that thereafter they won't be without it. Call at our office for a specimen.

FORFEITED SALE.—We call the attention of merchants to the Revenue Collectors notice of a sale of cigars at the store of Wm. Glitschka at Carver, on the 24th day of June, at 11 o'clock A. M., forfeited to the U. S. for non-fulfillment of the Revenue Law.

Carver Items.

Our Special Correspondent.

PERSONAL.—We received a call last week from our "old army friend," Fred M. Norwood who is now with Messrs. Daggett, Bassel and Hills of Chicago. Fred is a good fellow and we like to see him prosper.

Capt. H. W. Holmes was in town on Tuesday. The Capt. has gone into the Mill business at Wabasha.

John M. Wopner, travelling Agt. of D. D. Jarvis & Son, Philadelphia stopped a few days in town during the week. He is a nice gentleman, and he thinks Minn. beats the world. We expect to hear of his settling here soon.

CHURCH MATTERS.—The Swedes have had their annual conference during the last week. We in company with others visited their church about three miles from Carver and was really astonished to see so many persons present. It is estimated that 2000 persons were present. A large number were from Illinois, Wisconsin and Iowa. They will continue in session for about a week. There is 50 clergyman present from abroad.

Prof. Holmquist of Chicago preached in the English language at the German Lutheran Church in town on Sunday evening to a very large audience. Service was also held at the Church on Tuesday and Wednesday evenings.

The lumber has been purchased for the German Methodist Church, and work will soon be commenced. Rev. Mr. Lincoln will oversee the work.

EMIGRATION.—We counted in two days last week 94 emigration teams pass through town, enroute to the big woods. The Ellen Hardy, also brought up 75 all for T. S. County.

A CALL.—Dr. Ray, who attends to the wants of the sick of Chaska, made us a pleasant call during the week.

BRICK.—Messrs. Griggs & Miller have got their extensive yard in operation and will commence moulding this week. They expect two National Brick Machines here the coming week, which will turn out 30,000 brick per day, 15 men are employed upon the yard. They have a contract to fill of some 500,000 brick.

CARVER CEMETERY.—We last week visited the Cemetery grounds near town and we must say it is a very pleasant and neatly arranged Cemetery. There is however one thing that ought to be done, which would materially improve its looks. That is to cut the brush, pull up the stumps and set out shade trees. This done and it will indeed look beautiful, let our citizens look to this without delay.

GONE EAST.—Mrs. Jas. McKnight and family left for the east on Tuesday.

FIRST OF THE SEASON.—Mrs. Capt. Houghton picked from her garden on last Saturday a large dish of Strawberries. The first of the season.

CHASKA VILLAIN'S ARREST

NEAR ST. PAUL.

Identified by Several Persons.

HE CONFESSES.

Confined in Our County Jail.

Monday afternoon, an old German living near Bass Lake, some 8 or 9 miles from St. Paul, reported to Deputy Sheriff Grace of Ramsey County, that a man of rather suspicious appearance had been hanging around that place for a few days past, and that he exactly answered the description of the villain who had perpetrated the Chaska outrage. Mr. Grace being so impressed with the conviction that this was the right man, that he procured a horse and immediately started out, taking the German with him for a guide. On arriving at the place he found the object of his search at work making mortar, and was at once satisfied from his general appearance, that the right man had at last been found, and at once clapped on the hand cuffs. Mr. Deane, the man for whom he was at work informed him that the man gave him the name of White. The Sheriff then examined his person and discovered that the mark upon his arm exactly agreed with the printed circulars issued by the Chief of Police of St. Paul.

The fellow on being handcuffed exhibited the most abject terror, and Mr. Grace, drawing his revolver, presented it at him and said, "Now, I am not fooling; I want to know your right name." He at once said, "My name is Horatio Robinson." On being questioned as to where he had worked last, he said he had worked for Eathon Bardwell, at Excelsior.

After his commitment to Jail, he was visited by several Chaska persons and identified as Horatio Robinson, the teamster between Excelsior and Chaska, in fact he finally owned up that he had teamed for Mr. Bardwell.

At the present time of writing there seems to be some doubt whether he will be brought to this County for trial, still according to the statutes of this State, we have clearly jurisdiction in the matter. But it seems that the Sheriff of Ramsey County, fearful of unlawful violence, by our citizens, wishes to commit him to the authorities of Scott County.

Now there need be no fear of violence if the authorities hold him, nor disposition to have him committed to our jail to await his trial, but if they show a disposition to shield him from his just punishment, we would not pledge his personal safety. This plea of insanity is a sham and humbug, a subterfuge to ward off a just punishment, which will be meted out to him just as sure as the sun rises each morning. His crime is one of the most shocking on record and he must not, yet, shall not go unpunished.

His previous character is known here, and for some years to come, he must not have an opportunity to again "try his hand" at his tricks. We await further developments.

LATER.

Sheriff Grace, placed a person in whom he could rely in the cell with Robinson, with instruction to worm out of him all that was possible about this matter. He succeeded, Robinson making a clean breast of the affair, saying that he must have been under the influence of the devil at the time.

Sherriff Hecklin brought him up by night and confined him in our County Jail at 1 o'clock A. M. yesterday.

The Workmen and the Chicago Platform.

The politicians at Chicago who fixed up the platform, made one that just suits the bondholders of the country, but it is condemned by the workmen of the country. The Chicago Workingman's Advocate styles the platform a "miserable failure, framed in the bondholder's interest," that it "misrepresents the future labor of our country, simply to enable our Shylocks to obtain their pound of flesh." Wm. H. Sylvius, of Pennsylvania, the leader of the workmen in that State, writes the *People's Weekly*, of the organ of the workmen of Washington, as follows:

"PHILADELPHIA, May 23, 1868.

FRIEND GREEN—I have frequently said there was no hope for the industry of the nation in the Republican party. That was clearly demonstrated at Chicago. Wall street ran the whole concern, and bound the party, body and soul, to the money swindler. The platform adopted at Chicago is an insult to every workingman in the country, and an outrage upon common sense. They favor a reduction of taxation, and recommend measures that make any reduction in taxation an impossibility. The great land and labor reform questions are ignored altogether. They pledge their sympathy with all the oppressed people who are struggling for their rights," and repudiate the claims of the oppressed people at home, who are struggling for the rights, and starving while they struggle.

The Herald \$1.50 per year.

For the purpose of extending the circulation of the HERALD into every nook and corner of the County, we have concluded to reduce our subscription term to \$1.50 per year from the 1st day of June last. We now ask our friends to take hold and help us to accomplish our desire. We promise to give "value received" for money paid. Our County is growing in importance, and the County paper should be in the hands of every citizen, who has a desire to keep pace with our progress. Will our friends help us?

SAD ACCIDENT.—We understand

that our esteemed townsman Henry E. Wolff met with an accident a few days since which was feared would prove fatal. He fell from a loaded wagon and one of the wheels passed over his body, although there was no outward marks of injury, he received internal injuries of a serious nature. At this writing hopes are entertained of his recovery.

PERSONAL.—Our town has literally been swarming with No. 1 fellows the past week.

First upon the list comes our friends Squire How and Joe Neihoff of Shakopee, who made us a flying visit last Sunday. Boys, never slight us when in town.

Then later we were made glad by the presence of an old friend, known all over the State, George Holmes of Carver. George looks and feels as young as ever, and is certainly as jolly. Call again.

Dr. Rogers also crossed the threshold. G. A. DuToit of Carver was in town on Wednesday, looking and feeling jolly. Jos. Weinmann of the same place also called.

STRAWBERRIES.—This delicious fruit is now fully ripe and those who are so fortunate as to have gardens with strawberries therein are now living high.

Strawberries and cream say forever. By the way, why don't every body cultivate them. We are informed Mr. Smith, Greiner and Sargent will gratuitously supply all in town with plants in October, the month that they should be transplanted. From a dozen plants set out this fall you can raise two bushels in three years if well cultivated. Try them.

SHEET MUSIC.—We lately received a quantity of sheet music from the large emporium of Messrs. Lyon & Healy, Music Dealers, Chicago. After due inspection, we have no hesitation in pronouncing it of rare merit, and the musical members of our household were delighted over its superior qualities. We earnestly recommend this house to our Academy and the musical public, as one worthy of confidence and patronage.

Petroleum V. Nabby relates that "Barrett's Vegetable Hair Restorative" had the effect to so renew the youth of his beloved wife that "she ran off with a Yankee peddler"—this is probably not the only instance where "Barrett's" has proved a captivating weapon in the hands of many a lady whose personal charms have been wonderfully brought out by the use of this excellent preparation.—*Manchester [N. H.] Mirror*.—G. A. DuToit, Agent, Carver.

CROWDED OUT.—We have received an interesting piece of poetry, from the pen of G. B. Holmes of Carver, for insertion, which is reluctantly crowded out this issue. It will appear next week.

EXPRESS AGENCY.—Henry Young has received the agency of the American Express Company for this place, and has already assumed charge. All persons receiving goods by express in this vicinity should have them marked for this village.

ENTHUSIASTIC DEPARTURE.—The "Concordia" formed in line and marched in ranks from their Hall to the river last Monday morning on their departure for St. Paul to attend the Festival. They were warmly cheered on their way by the multitude who witnessed their departure. They were also warmly greeted on their return, wearing the badge of honor, having been awarded the 2d prize for excellence in singing. We say all honor to our society.

LAND FOR SALE.—We call attention to the advertisement of W. H. Tilton, who offers a piece of land for sale cheap. It is easy of access, being only 5 1/2 miles from Chaska, on a public road.

ARTHURS MAGAZINE.—This high toned magazine for July is upon our table, and abounds with the many good articles. We hope to see this magazine upon the table of every family in town desiring a high toned literary magazine. T. S. Arthur is editor and publisher. The *Childrens Hour* is also all that could be desired for the young ones. Address T. S. Arthur, & Son, Philadelphia, Penna.

Merry's Museum, for June, contains the first part of "Mink Curtis; or, Life in the Backwoods," by an old Hunter," with a full-page illustration by Billings. The King bird, by Celia Thaxter; Little Pearl, the "Star" story; Will's Loggers; Milestones of English History; Aunt Sue's Puzzle Drawer, &c., &c.; all fully and finely illustrated. The new series of this Magazine for Young People is steadily gaining in popular favor. Subscribe for it; only \$1.50 per year. Specimen numbers, 10 cents. H. B. PUELLEB, Publisher, Boston.

SILVER WEDDING.—On last Sunday afternoon the celebration of the Silver Wedding of our friend Zacharias Rehe and Rebecca his wife took place. The festivities were celebrated at the "Rutty," a most magnificent County Seat belonging to our friend Stephen Kult and situated about midway between here and Chaska. At about 5 o'clock the German Band who were required for the occasion, struck up a Walz, such as we have seldom heard before, and which was never excelled in sweetness of tone, after which they played a Galopade and then a Dreher, which we think is the nicest dance of all, then 3 dances were for the bride and groom, and of which they relieved themselves in a style which would have done honor a royal pair.

The bride and the groom were then brought up on the middle of the floor surrounded by a large, and most respectable, number of friends, whereupon our townsman Jos. Weinmann delivered the following short, but for the occasion very appropriate, congratulatory address: Congratulations, on occasions of this kind, may be looked upon as customary, but you know that it is not in this spirit that we congratulate you upon this occasion. You know our Yards and you know that the many proof of your generous kindness have secured to you our sincerest affection. It is therefore not because it is fashionable, but because our hearts impel us that we congratulate you and wish you joy.

Yes, dearest friends, since our earliest acquaintance have your friendly and lovely traits filled us with love and veneration. And what we have seen and heard of you has only strengthened this sentiment, therefore you are written down in our hearts as our dearest friend, and we therefore hope and sincerely wish for the continuance of your welfare and prosperity; that you may live long in peace and harmony, that you may in the midst of your children, grand and great grand children and all your friends not only celebrate your golden but also your diamond wedding.

Your Silver wedding you lay by to day and tomorrow we will have your friends all merry and gay. In the circle of your own you think at last of the continuous changeable past. But whoever has only lived, for virtue and gold. Finds the light in the darkest of night; For was it not that almighty impulse, that combined with an untiring heart to ever lasting bonds of love's solution? Therefore take gladly and courageously to your arms the future of your heart's love, let us live, till the day of consummation.

Upon conclusion of the above formal exercises, the numerous relatives and friends of the couple, sat down to an elegant repast, prepared in Mr. and Mrs. Kults best style. Upon conclusion of which the company enjoyed themselves in social amusements.

BRUTAL OUTRAGE.—We have just been informed by Hugh Hoy, that a little girl nine years of age was brutally outraged by a Norwegian man on Tuesday morning in the swede settlement. The little girl is in a critical condition, but she will recover. Steps are being taken to have the brute arrested. He is known. He boldly entered the House in plain day time, in the absence of the parents of the girl.

POTATO BUGS.—We hear a great deal of complaining among our farmers about the "Potato Bug." They are very thick and are doing a great deal of damage. There is but one thing that will destroy them, and that is "White Hellebore" which is to be sprinkled upon the Potato tops. It can be had at any Drug Store.

AGRICULTURAL MACHINES.—Carver is certainly well supplied with *Mowers Reapers* &c. There being no less than eight different kinds in town, all having separate agents. "Johnstons self raking Reaper" seems to take the lead.

CROWDED OUT.—A few Carver items are crowded out of this week.

Agents Wanted to sell the History

of the War between the States,

Its Causes, Character, Conduct, and Results,

BY HON. ALEXANDER

H. STEPHENS

A book for all sections and all parties. This thoroughly interesting book by "the Great Statesman" of the South, presents the most complete and impartial analysis of the causes of the war which has ever appeared from a Southern pen; it treats without partiality, and in the utmost moderation of the character of the war, and in its description of the conduct of the war, it gives those interior lights and shadows of the conflict only known to those who officers who watched the food-tide of revolution from its fountain springs, and which were so accessible to Mr. Stephens from his position as second officer of the Confederate States. The results of the war, present and future, have never been treated by any other author, and Mr. Stephens' great abilities have here found their fullest play.

The intense desire everywhere manifested to obtain this work, its Official Character and ready sale, combined with an increased commission, make the best subscription book ever published, and offers to Agents the best opportunity to make money ever heard of in the history of books.
